Front End Development Intern	Suven Consultants & Technology Pvt Ltd., Mumbai, Maharashtra.	Jun 2023 - Jul 2023
-------------------------------------	--	----------------------------

- Applied latest emerging technology, software and project application trends to update and maintain site applicability. Coded websites using **HTML, CSS, JavaScript** languages.

Web Development and Design Intern	TXON, Chandigarh	Apr 2023 - May 2023
--	-------------------------	----------------------------

- Demonstrated ability to translate design mockups into functional **web interfaces**, ensuring seamless user experiences. Developed a **personal portfolio** website showcasing my projects, highlighting my dedication to continuous improvement.

PROJECTS

Netflix Clone

Jul 2023

- Engineered a functional Netflix clone, implementing features through a combination of **HTML5, JavaScript, and CSS frameworks**.

Restaurant Website Interface

Jul 2023

- Designed and developed a non-functional restaurant website using the **Tailwind CSS** framework, focusing on aesthetic and layout aspects while showcasing the capabilities of the framework.

Admin Dashboard Interface

Jun 2023

- Created an admin dashboard utilizing the capabilities of HTML5 and CSS3, resulting in a well-designed interface for managing administrative tasks.

Temperature Converter Web App

Jun 2023

- Accomplished the development of a responsive web app for converting temperatures, ensuring a **smooth and adaptable user experience** across different devices and screen sizes.

Personal Portfolio Website

May 2023

- Successfully designed and developed my responsive personal portfolio website, utilizing the power of **Tailwind CSS** to ensure optimal performance across different devices and screen sizes.

To-Do List

Apr 2023

- Designed and implemented a responsive to-do list application that adapts seamlessly to various screen sizes and devices.

Calculator Web App

Apr 2023

- Developed a responsive calculator web app capable of executing fundamental arithmetic operations, providing users with a **user-friendly** interface for addition, subtraction, multiplication, and division.

Admin Login-Signup webpage

Jan 2023

- Crafted a sleek and intuitive **user interface (UI)** and **user experience (UX)** by employing the latest features of HTML5 and CSS3, ensuring a modern and visually appealing design.
